LIST OF TABLES

	Page
TABLE 1.—Changes in gross income from farm production between 1869-1929	6
TABLE 2.—Synopsis of methods by which data on production, prices, and gross income were derived	10
TABLE 3.—Gross income derived from omitted farm products, crop years 1924-35	14
TABLE 4.—Comparison of gross income for crop years, 1909-35	16
TABLE 5.—Differences between B. A. E. and B. A. E.-N. B. E. R. income estimates for crop years 1924-35	18
TABLE 6.—B. A. E.-N. B. E. R. index of total farm production compared with index of total farm production including truck crops, crop years 1919-37	21
TABLE 7.—Gross income, including estimates for "omitted products," crop years	22
TABLE 8.—Gross income, including estimates for "omitted products," calendar years	24
TABLE 9.—Gross income from various groups of farm products and from total farm production, excluding "omitted products," crop years	24
TABLE 10.—Gross income from various groups of farm products and from total farm production, excluding "omitted products," calendar years	28
TABLE 11.—Indices of gross income from various groups of farm products and from total farm production, crop years	31
TABLE 12.—Indices of gross income from various groups of farm products and from total farm production, calendar years	32
TABLE 13.—Production, price, and gross income: Wheat	36
TABLE 14.—Corn: Ratio of production entering into gross income to total production: Crop years 1909-36	37
TABLE 15.—Production, price, and gross income: Corn	39
TABLE 16.—Ratio of gross income to farm value, 1909-36	41
TABLE 17.—Production, price, and gross income: Oats	43
TABLE 18.—Production, price, and gross income: Barley	44
TABLE 19.—Production, price, and gross income: Rye	48
TABLE 20.—Production, price, and gross income: Buckwheat	49
TABLE 21.—Production, price, and gross income: Potatoes	53
TABLE 22.—Production, price, and gross income: Sweetpotatoes	54
TABLE 23.—Production, price, and gross income: Flaxseed	58
TABLE 24.—Production, price, and gross income: Hay	61
TABLE 25.—Production, price, and gross income: Cotton	64
TABLE 26.—Production, price, and gross income: Cottonseed, 1874-1937	66
TABLE 27.—Production, price, and gross income: Tobacco	68
TABLE 28.—Production, price, and gross income: Rice	71
TABLE 29.—Production, price, and gross income: Dry beans	73
TABLE 30.—Production, price, and gross income: Raw beet sugar, calendar years	75
TABLE 31.—Production, price, and gross income: Raw cane sugar, calendar years	77
TABLE 32.—Computation of trend data of the production of all orchard fruits (based on census quantities)	79
TABLE 33.—Computation of trend data of the production of all orchard fruits (based on census values)	79
TABLE 34.—Production, price, and gross income: Orchard fruits	82
TABLE 35.—Picking and hauling costs in relation to income from citrus fruits	84
TABLE 36.—Production, price, and gross income: Citrus fruits, 1886-1937	85
TABLE 37.—Production, price, and gross income: Grapes, calendar years 1889-1937	87

TABLE 10.—Gross income from various groups of farm products and from total farm production, excluding "omitted products," calendar years

Year	12 im- por- tant crops ¹	Staple food- stuffs ²	Fruits ³	Dairy prod- ucts, chick- ens, and eggs	Textile raw ma- terials ⁴	Meat animals and ex- port of live cattle ⁵	Meat ani- mals ad- justed for changes in inventory values	Total farm pro- duc- tion	Total farm production, adjusted for changes in inven- tory values of meat animals
